## Pottery lessons pay off

Terri-Lyn Achneepineskum, 10, shows off her pottery piece at Thunder Bay's Underground Gym. Gym members have been learning how to make pottery since January. Their work will be for sale during the 34th Annual Thunder Bay Potters' Guild

Spring Pottery Fair on June 25 at the West Arthur Community Centre. The young potters from the Underground Gym will get half the proceeds from any sales, with the other half going to the Simpson Street youth centre.
