Teaming up

Pictured presenting Peter Panetta, owner-operator of the Underground Gym, are Brian Phillips and Carmine Bourelly from The Home Depot. Peter and his facility have received a grant from The Home Depot Grant Foundation in the form of a gift card. This will assist in much-needed renovations at the gym in the new year. The Home Depot Grant Foundation and Team Depot are working on renovations to give the facility a makeover. Team Depot members will volunteer time to help the gym complete its project and benefit kids in the area. As part of The Home Depot's community involvement, we will continue to work to support this worthy project.
